

ESSO 43th Congress Scientific programme

Breast Track

A11: Breast Session: Early Breast Cancer Treatment after the SOUND study

09:00 - 10:00

Elizabeth Hall

Chair: Isabel T. Rubio - Spain

Co-Chair: Nicola Rocco - Napoli, Italy

09:00 - 09:15
15 min

Which patients? Choose wisely

Speaker: Michael Knauer - Switzerland

09:15 - 09:30
15 min

Always breast radiotherapy: whole breast, partial or none?

Speaker: Anna Kirby - United Kingdom

09:30 - 09:45
15 min

Precision model to help the decision for the omission of SLN

Speaker: Wonshik Han - Korea, Republic of

09:45 - 10:00
15 min

Discussion

__**

Colorectal Track

B11: Colorectal - PSM Session: Joint Colorectal - PSM session: Prophylactic HIPEC for T4 colorectal cancer

09:00 - 10:00

Okapi Room

Chair: Albert Wolthuis - Belgium

Co-Chair: Ignace H.J.T. de Hingh - Netherlands

09:00 - 09:15
15 min

Imaging for peritoneal metastases in the follow up

Speaker: Elleke Dresen - Belgium

09:15 - 09:30
15 min

Pro

Speaker: Andreas Brandl - Heidelberg, Germany

09:30 - 09:45
15 min

Con

Speaker: Wim Ceelen - Ghent, Belgium

09:45 - 10:00
15 min

Discussion

__**

Upper Gastrointestinal Track

C11: UGI session: Advanced Technology for Improved Visualisation and Teaching: Leaks, Nodes, and more: Image-guided surgery nowadays

09:00 - 10:00

Gorilla 1

Chair: Domenico D'Ugo - Roma, Italy

Co-Chair: SUZANNE SARAH GISBERTZ - Netherlands

09:00 - 09:15

RAMIE

15 min

Speaker: Karol Polom - Italy

09:15 - 09:30

New applications of Artificial Intelligence in Upper GI Surgery

15 min

Speaker: Hans Fuchs - Germany

09:30 - 09:45

Leaks, nodes, and more: image-guided surgery nowadays

15 min

Speaker: Carlo Castoro - Rozzano (Milano), Italy

09:45 - 10:00

Discussion

15 min

__**

Transversal Track

A12: General session: Opening & Life Time achievement award

10:05 - 10:50

Elizabeth Hall

10:05 - 10:15

Opening address by the ESSO President & Scientific Chair

10 min

Chair: Isabel T. Rubio - Spain

10:15 - 10:25

Opening address by the Congress Chair

10 min

Co-Chair: Paul Willemsen - Antwerp, Belgium

10:25 - 10:30

Presentation of the Lifetime Achievement Award

5 min

10:30 - 10:50

Life Time Achievement Award Lecture: Contributing to the enhancement of sarcoma patient care, a shared challenge for specialists across various disciplines

20 min

Speaker: Sylvie Bonvalot - France

__**

Hepato-Pancreatic-Biliary Track

A13: Hepato-Pancreato-Biliary session: Immunotherapies in HPB Cancers

10:55 - 11:55

Elizabeth Hall

Chair: Michel Rivoire - Lyon, France

Co-Chair: Vera Hartman - Belgium

10:55 - 11:10

15 min

From bench to bedside

Speaker: Yingbin Liu - China

10:55 - 11:10

15 min

From bench to bedside

Speaker: TBA -

11:10 - 11:25

15 min

Multimodal concepts

Speaker: Ronald DeMatteo - United States of America

11:25 - 11:40

15 min

Will immunotherapy change the landscape for HPB surgeons - the oncologists view

Speaker: Eric van Cutsem - Belgium

11:40 - 11:55

15 min

Discussion

__**

Transversal Track

B13: Transversal session: INTERACT: The development of an Interspecialty Cancer Training in Europe

10:55 - 11:55

Okapi Room

Chair: Niall O'Higgins - Ireland

Co-Chair: Riccardo A. Audisio - Italy

10:55 - 11:10

15 min

INTERACT - defining an interspecialty curriculum

Speaker: Kim Benstead - United Kingdom

11:10 - 11:25

15 min

INTERACT 100 Europe - delivering an interspecialty training platform

Speaker: Virpi Sulosaari - Finland

11:25 - 11:40

15 min

The future perspectives of interspecialty cancer training

Speaker: Andreas Brandl - Heidelberg, Germany

11:40 - 11:55

15 min

Discussion

__**

Sarcoma Track

C13: Sarcoma session: Management of Mesenteric Fibromatosis

10:55 - 11:55

Gorilla 1

Chair: Alessandro Gronchi - Milan, Italy

Co-Chair: Michelle Wilkinson - United Kingdom

10:55 - 11:10
15 min
When surgery is still an option
Speaker: Michelle Wilkinson - United Kingdom

11:10 - 11:25
15 min
When interventional radiology is an option
Speaker: Eldad Elnekave - Israel

11:25 - 11:40
15 min
Should gamma-secretase inhibitors be the first line approach?
Speaker: Daphne Hompes - Belgium

11:40 - 11:55
15 min
Discussion

__**

Breast Track

A14: Breast Session: Breast abstract session 1

12:00 - 12:50

Elizabeth Hall

Chair: Tibor Kovacs - Abu Dhabi, United Arab Emirates

12:00 - 12:08
8 min
Switching to a Super Paramagnetic Iron Oxide, non-radioactive tracer for sentinel lymph node biopsy: the Nottingham Breast Institute experience [Oral Presentation](#)
: Susanna Polotto - Nottingham, United Kingdom

12:08 - 12:16
8 min
Extreme Oncoplastic Surgery with Chest Wall Perforator Flaps in Large, Multifocal and Multicentric Disease [Oral Presentation](#)
: Savitha Bengeri - Sydney, Australia

12:16 - 12:24
8 min
Investigating the effectiveness and safety of volume displacement and replacement techniques in oncoplastic breast-conserving surgery [Oral Presentation](#)
: Loretta Nyirady - Budapest, Hungary

12:24 - 12:32
8 min
Minimally invasive intraoperative ultrasound guided oncoplastic breast conservative surgery for multifocal breast cancer reduce volume excised and mastectomy rates vs. needle localization surgery [Oral Presentation](#)
: Antonio Jesús Esgueva Colmenarejo - Madrid, Spain

12:32 - 12:40
8 min
Usage of Bracketed Magseed (Two or More) for Breast Wide Local Excision in Multifocal or Multicentric Breast Cancer (MFBC/MCBC) Combined with Partial Breast Reconstruction Using Perforator Flaps. [Oral Presentation](#)
: Akram Girgis - Stockport, Greater Manchester, United Kingdom

12:40 - 12:48
8 min
Feasibility of robot-assisted breast surgery using ultrasound guided indocyanine green injections for breast cancer lumpectomy with negative margins [Oral Presentation](#)
: Ning Liao - Guangzhou, China

__**

Colorectal Track

B14: Colorectal session: Colorectal abstract session 1

12:00 - 12:50

Okapi Room

- | | | |
|------------------------|--|-----------------------------------|
| 12:00 - 12:08
8 min | Short-course radiotherapy combined with chemotherapy and PD-1 inhibitor in pMMR/MSS low-lying early rectal cancer: preliminary findings from a prospective, phase II trial (TORCH-E)
: Xinxiang Li - China | Oral Presentation |
| 12:08 - 12:16
8 min | Long-term oncological outcomes after local excision of early rectal cancer – a nationwide cohort study
: Laura Moolenaar - Amsterdam, Netherlands | Oral Presentation |
| 12:16 - 12:24
8 min | Timing To Minimally Invasive Surgery After Neoadjuvant Chemoradiotherapy For Rectal Cancer: A Multicenter Randomized Controlled Trial
: Igor Monsellato - Alessandria, Italy | Oral Presentation |
| 12:24 - 12:32
8 min | Relationship between pathological outcomes and centre volume in rectal cancer surgery
: Mariam Baig - Bristol, United Kingdom | Oral Presentation |
| 12:32 - 12:40
8 min | Nationwide implementation and registration of Watch-and-Wait in rectal cancer patients: Successful Watch-and-Wait outcome maintained
: Charlotte Ceuppens - Amsterdam, Netherlands | Oral Presentation |
| 12:40 - 12:48
8 min | Prediction of Recurrence in Rectal Cancer using Longitudinal Data: A Generalized Landmark Analysis Model.
: Silvia Negro - Padua, Italy | Oral Presentation |

__**

Upper Gastrointestinal Track

C14: UGI session: Oligometastatic gastroesophageal cancer: to resect or to medically treat: Sup responders, oligometastatic disease, conversion surgery

12:00 - 12:50

Gorilla 1

Chair: Johnn Henry Herrera Kok - León, Spain

Co-Chair: Richard Hillegersberg - Netherlands

- | | |
|-------------------------|--|
| 12:00 - 12:15
15 min | Trials in Upper GI
Speaker: Christelle de la Fouchardière - France |
| 12:00 - 12:15
15 min | Trials in Upper GI
Speaker: TBA - |
| 12:15 - 12:30
15 min | Cost effectiveness of follow up intensification and surgical treatment
Speaker: Sheraz Markar - United Kingdom |
| 12:30 - 12:45
15 min | Evidences from the Eastern trials
Speaker: Mitsuru Sasako - Japan |

__**

Peritoneal Track

A15: Peritoneal session: Perspectives on multidisciplinary management of metastatic gastrointestinal cancer

14:10 - 15:10

Elizabeth Hall

Chair: Pompiliu Piso - Regensburg, Germany

Co-Chair: Lana Bijelic - Spain

14:10 - 14:25
15 min

Current role of liquid biopsy in GI cancers- a guide for surgeons

Speaker: Delia Cortés Guiral - Najran, Spain

14:25 - 14:40
15 min

An update on the current role and results of immunotherapy in peritoneal surface malignancies

Speaker: TBA -

14:40 - 14:55
15 min

Combining systemic chemotherapy and CRS in CRC pm- neoadjuvant, adjuvant or none?

Speaker: Ignace H.J.T. de Hingh - Netherlands

__**

Hepato-Pancreatic-Biliary Track

B15: Hepato-Pancreato-Biliary session: Trends in Hepatobiliary cancer treatment

14:10 - 15:10

Okapi Room

Chair: Hassan Zakria Malik - United Kingdom

Co-Chair: Carrión Álvarez Lucía - Spain

14:10 - 14:25
15 min

Hepatic arterial infusion therapy - a gamechanger?

Speaker: Bas Groot Koerkamp - Netherlands

14:25 - 14:40
15 min

Deep learning models and AI - ready for real life?

Speaker: Thiery Chapelle - Belgium

14:40 - 14:55
15 min

Transplant Oncology - What has changed since Milan criteria?

Speaker: Vera Hartman - Belgium

Discussion

__**

Melanoma Track

C15: Melanoma session: Pushing the boundaries of therapies in cutaneous malignancy

14:10 - 15:10

Gorilla 1

Chair: Jos A. van der Hage - Leiden, Netherlands

Co-Chair: Piotr Rutkowski - Warsaw, Poland

14:10 - 14:25
15 min **Cellular therapy for melanoma early clinical results and what role for the surgeon?**

Speaker: Andrew Furness - United Kingdom

14:25 - 14:40
15 min **New fields in treatment of advanced BCC and SCC**

Speaker: Piotr Rutkowski - Warsaw, Poland

14:40 - 14:55
15 min **New approaches in oncolytic virotherapy in skin cancer**

Speaker: Andrew Hayes - United Kingdom

Discussion

__**

Breast Track

PS1: Breast Session: Posters in Spotlight: Breast cancer 1

14:10 - 14:35

Poster in Spotlight booth 1

14:10 - 14:15
5 min **Is thick flap mastectomy with prepectoral breast reconstruction oncologically safe? Results of 842 consecutive breast cancer patients** [Poster in Spotlight](#)
: Lorenzo Scardina - Rome, Italy

14:15 - 14:20
5 min **Insights into 'living flat': A qualitative study exploring women's attitudes towards their simple mastectomy scars and the scars' effects on their lives and wellbeing** [Poster in Spotlight](#)
: Laura Lyons - Sheffield, United Kingdom

14:20 - 14:25
5 min **Adherence to guideline recommendations for follow-up in patients with DCIS at a large teaching hospital in the Netherlands** [Poster in Spotlight](#)
: Kiran Kasper Rajan - Zwolle, Netherlands

14:25 - 14:30
5 min **Observation of Intraoperative tissue perfusion aids in minimalisation of Oncoplastic complications** [Poster in Spotlight](#)
: Carol Benn - Johannesburg, South Africa

14:30 - 14:35
5 min **Single center experience of round block mammoplasty (RBM): oncologic safety in breast cancer** [Poster in Spotlight](#)
: Tatiana Basto - Penafiel, Portugal

__**

Colorectal Track

A16: Colorectal - PSM Session: Joint session Colorectal - PSM: The tumor microenvironment in Colorectal Peritoneal Metastases

15:15 - 16:15

Elizabeth Hall

Chair: Wim Ceelen - Ghent, Belgium

Co-Chair: Andreas Brandl - Heidelberg, Germany

15:15 - 15:30 **Tools to unravel the cancer TME: a primer for surgeons**
15 min Speaker: Jesse Demuytere - Ghent, Belgium

15:30 - 15:45 **The immune microenvironment in colorectal PM**
15 min Speaker: Rebecca Kesselring - Germany

15:45 - 16:00 **Molecular characterization of colorectal PM**
15 min Speaker: TBA -

16:00 - 16:15 **Discussion**
15 min

__**

Endocrine, Head & Neck

B16: Head and Neck & Thyroid session: Endocrine surgical techniques

15:15 - 16:15

Okapi Room

Chair: Kerstin Lorenz - Halle/Saale, Germany

Co-Chair: Nada Santrac - Belgrade, Serbia

15:15 - 15:30 **Minimal invasive thyroid surgery**
15 min Speaker: Menno R. Vriens - Netherlands

15:30 - 15:45 **Lateral neck dissection**
15 min Speaker: Marco Raffaelli - Roma, Italy

15:45 - 16:00 **Retroperitoneoscopic adrenalectomy**
15 min Speaker: Joaquín Gómez-Ramírez - GETAFE, Spain

16:00 - 16:15 **Discussion**
15 min

__**

Sarcoma Track

C16: Sarcoma session: Enhancing immunotherapy in sarcoma management: Is there an evolving role for neoadjuvant therapy?

15:15 - 16:15

Gorilla 1

Chair: Michelle Wilkinson - United Kingdom

Co-Chair: Dario Callegaro - Italy

15:15 - 15:30
15 min

Neoadjuvant therapy in retroperitoneal sarcoma: is CPI coming next after STRASS1 and 2?

Speaker: Sylvie Bonvalot - France

15:30 - 15:45
15 min

Lessons learnt from other cancer types

Speaker: Yvonne Schrage - Amsterdam, Netherlands

15:45 - 16:00
15 min

Neoadjuvant therapy in extremity high-risk soft tissue sarcoma: which new studies on the horizon

Speaker: Dario Callegaro - Italy

16:00 - 16:15
15 min

Discussion

__**

Colorectal Track

PS2: Colorectal session: Poster in Spotlight session: Colorectal and Anal cancer 1

16:10 - 16:35

Poster in Spotlight booth 1

16:10 - 16:15
5 min

Neoadjuvant intraperitoneal chemotherapy combined with systemic therapy prior to CRS-HIPEC for patients with resectable colorectal peritoneal metastases: Protocol of the phase II, INTERACT-PLUS trial
: Laskarina Galanos - Eindhoven, Netherlands

Poster
in
Spotlight

16:15 - 16:20
5 min

Gene and protein expression of inflammatory and tissue remodelling factors in the colon adenocarcinoma microenvironment
: Slobodan Todorovic - Belgrade, Serbia

Poster
in
Spotlight

16:20 - 16:25
5 min

Prophylactic Hyperthermic Intraperitoneal Chemotherapy for Colon Cancer Patients at High Risk of Peritoneal Metastases: An Individual Patient Data Meta-Analysis
: Julie Hamm - Rotterdam, Netherlands

Poster
in
Spotlight

16:25 - 16:30
5 min

Short and long-term outcomes of Total Mesorectal Excision following rectal sparing approaches: A propensity score-matched analysis.
: Quoc Riccardo Bao - Padova, Italy

Poster
in
Spotlight

16:30 - 16:35
5 min

The incidence of Gastrointestinal Cancer in Patients with Inflammatory Bowel Disease in Korea; A Nationwide Population-based Study
: Sung Sil Park - Seoul, Korea, Republic of

Poster
in
Spotlight

__**

Transversal Track

PS3: Transversal session: Poster in Spotlight session: Innovation & Technology

16:10 - 16:35

Poster in Spotlight booth 2

- | | | |
|------------------------|---|---------------------------|
| 16:10 - 16:15
5 min | AI model for accurate skin lesion classification during telemedicine triage of suspicious skin lesions
: Md Shafiqul Islam - Cambridge, United Kingdom | Poster
in
Spotlight |
| 16:15 - 16:20
5 min | exploring the use of the mobile PET/CT-camera for intraoperative imaging of surgical specimens of the (para)thyroid and/or cervical lymph nodes V. Vergucht, B. Lambert
: Valérie Vergucht - Belgium | Poster
in
Spotlight |
| 16:20 - 16:25
5 min | Treatment of patients with CEA+ solid tumors by tumor-microenvironment responsible CEA targeted CAR-T cells via intraperitoneal or intravenous administration in a phase I clinical trial
: Siyuan Qian - Madrid, Spain | Poster
in
Spotlight |
| 16:25 - 16:30
5 min | The rise of robotic surgery in the Netherlands.
: Maurits R. Visser - Utrecht, Netherlands | Poster
in
Spotlight |
| 16:30 - 16:35
5 min | STAYHOME – remaining alive and at home after cancer surgery for older adults: derivation and validation of a predictive tool.
: Julie Hallet - Toronto, Canada | Poster
in
Spotlight |

__**

Sarcoma Track

PS4: Sarcoma session: Poster in Spotlight session: Sarcoma

16:10 - 16:35

Poster in Spotlight booth 3

Chair: Daphne Hompes - Belgium

- | | | |
|------------------------|---|---------------------------|
| 16:10 - 16:15
5 min | Correlation of circulating cell-free DNA and Disease-Free Survival in Liposarcoma – A Prospective Cohort Study
: Michael Wong - United Kingdom | Poster
in
Spotlight |
| 16:15 - 16:20
5 min | Management of peripheral vein leiomyosarcomas, recurrence patterns and individualised treatment strategies
: Jens Strohaecker - London, United Kingdom | Poster
in
Spotlight |
| 16:20 - 16:25
5 min | A systematic review of intrathoracic sarcomas
: Viswanth Kottakota - VISAKHAPATNAM, India | Poster
in
Spotlight |
| 16:25 - 16:30
5 min | Single tumour, many faces - unraveling intratumour complexity of soft-tissue sarcoma
: Stefanie Gijssels - Belgium | Poster
in
Spotlight |
| 16:30 - 16:35
5 min | Evaluation of histologic organ infiltration (HOI) and visceral resection margins (VRM) in primary retroperitoneal sarcomas: prognostic implications for local recurrence
: Fulvia Aymerito - Rozzano, Italy | Poster
in
Spotlight |

__**

Transversal Track

A17: Transversal session: Main indications for robotic resections in visceral oncology

16:45 - 17:45

Elizabeth Hall

Chair: Pompiliu Piso - Regensburg, Germany

Co-Chair: Hans Fuchs - Germany

16:45 - 17:00
15 min

Esophageal Resection
Speaker: Richard Hillegersberg - Netherlands

17:00 - 17:15
15 min

Rectal Resection
Speaker: Jim Khan - United Kingdom

17:15 - 17:30
15 min

Hepatic Resection
Speaker: Stefan Stättner - Austria

17:30 - 17:45
15 min

Discussion

__**

Breast Track

B17: Breast Session: Joint Session ESO-ESTRO: Management of the axilla in breast cancer patients

16:45 - 17:45

Okapi Room

Chair: Isabel T. Rubio - Spain

Co-Chair: Anna Kirby - United Kingdom

16:45 - 17:00
15 min

Do all patients with upfront mastectomy and 2 SLN + need an ALND?
Speaker: Marjolein Smidt - Maastricht, Netherlands

17:00 - 17:15
15 min

Axillary radiation therapy de-escalation after neoadjuvant treatments
Speaker: Anna Kirby - United Kingdom

17:15 - 17:30
15 min

Evidence based shared decision making – the dilemma
Speaker: Giuseppe Catanuto - Pieve Emanuele, Italy

17:30 - 17:45
15 min

Discussion

ESSO 43th Congress Scientific programme

Thursday 03 October

Endocrine, Head & Neck

A21: Head and Neck & Thyroid session: Meet the expert: De-escalating thyroid surgery

08:30 - 09:10

Elizabeth Hall

Chair: Menno R. Vriens - Netherlands

08:30 - 08:45
15 min

De-escalating thyroid surgery

Speaker: Joaquín Gómez-Ramírez - GETAFE, Spain

08:45 - 09:00
15 min

De-escalating thyroid surgery

Speaker: Kerstin Lorenz - Halle/Saale, Germany

09:00 - 09:10
10 min

Discussion

__**

Upper Gastrointestinal Track

B21: UGI session: Meet the expert: Upper Gastrointestinal

08:30 - 09:10

Okapi Room

08:30 - 09:10
40 min

Chair: Giovanni De Manzoni - Verona, Italy

08:30 - 09:00
30 min

Meet the expert

Speaker: Mitsuru Sasako - Japan

09:00 - 09:10
10 min

Discussion

__**

Sarcoma Track

C21: Sarcoma session: Meet the expert: The surgical approach for primary retroperitoneal liposarcoma

08:30 - 09:10

Gorilla 1

Chair: Daphne Hompes - Belgium

08:30 - 09:00
30 min

Should resection be standardised?

Speaker: Marco Fiore - Milano, Italy

09:00 - 09:10
10 min

Discussion

__**

Breast Track

A22: Breast Session: Breast abstract session 2

09:15 - 10:15

Elizabeth Hall

Chair: Thorsten Kühn - Esslingen, Germany

- 09:15 - 09:23
8 min
- Breast conservation surgery increases survival in comparison to mastectomy: a 10-year West of Scotland population-based study with long-term follow-up**
- : Mhairi Mactier - Glasgow, United Kingdom
- 09:23 - 09:31
8 min
- Tumor-Associated Macrophages Are Associated with Response to Neoadjuvant Chemotherapy**
- : Gizem Oner - Antwerpen, Belgium
- 09:31 - 09:39
8 min
- National Breast Cancer Surgery Snapshot Study: Breast cancer surgery after neoadjuvant systemic therapy in primary breast cancer (MANS study).**
- : Gaelle Kramer - Amsterdam, Netherlands
- 09:39 - 09:47
8 min
- MRI validity in predicting breast cancer pathologic response after neoadjuvant chemotherapy**
- : Beatriz Pereira Gonçalves - Lisbon, Portugal
- 09:47 - 09:55
8 min
- Use of contrast enhanced mammogram in the diagnosis and treatment of breast cancer in Ontario**
- : Mila Huhtala - London, Canada
- 09:55 - 10:03
8 min
- The proportion of hypometabolic baseline 18F-FDG PET/CT exams in estrogen receptor-positive breast cancer patients – a single center retrospective analysis**
- : Melissa Lenaerts - Maastricht, Netherlands
- 10:03 - 10:11
8 min
- Efficacy of cryoablative local treatment for hormone receptor positive localized T1 invasive ductal carcinoma of the breast and its effects on systemic anti-tumoral immunologic response.**
- : Elisa York - Madrid, Spain

__**

Hepato-Pancreatic-Biliary Track

B22: Hepato-Pancreato-Biliary session: ESSO - ESR joint session: From imaging to cancer surgery

09:15 - 10:15

Okapi Room

Chair: Paul Willemsen - Antwerp, Belgium

Co-Chair: Sven Mieog - Leiden, Netherlands

09:15 - 09:30
15 min **Resectability criteria for pancreatic ductal adenocarcinoma**
Speaker: Elena Rangelova - Gothenburg, Sweden

09:30 - 09:45
15 min **Resectability criteria for pancreatic ductal adenocarcinoma**
Speaker: TBA -

09:45 - 10:00
15 min **Resectability of biliary tract tumours on imaging**
Speaker: Stefan Stättner - Austria

10:00 - 10:15
15 min **Resectability of biliary tract tumours on imaging**
Speaker: TBA -

__**

Upper Gastrointestinal Track

C22: UGI session: The best of the EJSO for the UGI Surgeon

09:15 - 10:15

Gorilla 1

Chair: Andreas Brandl - Heidelberg, Germany

Co-Chair: Giovanni De Manzoni - Verona, Italy

09:15 - 09:30
15 min **Surgical quality and prospective quality control of the D2-gastrectomy for gastric cancer in the multicenter randomized LOGICA-trial**
Speaker: SUZANNE SARAH GISBERTZ - Netherlands

09:30 - 09:45
15 min **Textbook outcomes for oesophagectomy: a valid composite measure assessment tool for surgical performance in a specialist unit**
Speaker: Richard J. McGregor - United Kingdom

09:45 - 10:00
15 min **Profiling complete regression after pre-operative therapy in gastric cancer patients using clinical and pathological data**
Speaker: Alberto Biondi - Italy

10:00 - 10:15
15 min **Discussion**

__**

Upper Gastrointestinal Track

PS5: UGI session: Poster in Spotlight session: Oesophageal and Gastric cancer

10:20 - 10:45

Poster in Spotlight booth 1

- Intraperitoneal paclitaxel plus systemic FOLFOX for gastric cancer with peritoneal metastasis – updated safety and efficacy from the IPLUS Phase I/II Trial** [Poster in Spotlight](#)
: Kang So Hyun - Seongnam, Korea, Republic of
- Discovery and validation of a novel DNA methylation-based signature to identify lymph node metastasis and reduce overtreatment in patients with early gastric cancer** [Poster in Spotlight](#)
: Adwait Joshi - London, United Kingdom
- Risk Cofactors and Clinical Characteristics of Gastric Cancer in Lynch Syndrome Patients: A Comprehensive Study** [Poster in Spotlight](#)
: José Pedro Vieira de Sousa - Porto, Portugal
- Survival in Esophageal Cancer: A Danish perspective** [Poster in Spotlight](#)
: Oliver Kempf - Copenhagen, Denmark
- Stemness subtype gastric cancer accelerates hematogenous metastasis.** [Poster in Spotlight](#)
: Do Joong Park - Seoul, Korea, Republic of

__**

Endocrine, Head & Neck

PS6: Head and Neck & Thyroid session: Poster in Spotlight session: Endocrine, Head & Neck cancer

10:20 - 10:45

Poster in Spotlight booth 2

- Diagnostic accuracy and prognostic value of thyroid imaging reporting and data system (TIRADS) 4 in thyroid cancer: a single center study** [Poster in Spotlight](#)
: Rossana Mosa - Cabatuan, Iloilo, Philippines
- The prognostic role of BRAF mutations in the cellular block of fine needle aspiration biopsy in differentiated thyroid cancer** [Poster in Spotlight](#)
: Jose Carrillo - Mexico, Mexico
- Assessment of ICG fluorescence in identification and preservation of parathyroid glands in thyroid surgeries and correlation with post operative parathormone and serum calcium levels** [Poster in Spotlight](#)
: Anupam Lahiri - DELHI, India
- Characterization and follow-up of papillary thyroid microcarcinomas documented in a level IV clinic in Cali- Valle del Cauca.** [Poster in Spotlight](#)
: Ivo Siljic - Croatia
- Modified Systemic Inflammation Score for prediction of malignancy in indeterminate thyroid nodules- An effective tool in low-resource settings!** [Poster in Spotlight](#)
: Shreyamsa Manjunath - Shivamogga, India
