

Industry Programme

Wednesday 02 October

KUBTEC Satellite symposium: Advances in Intraoperative Margin Management

13:15 - 14:05

Elizabeth Hall

13:15 - 13:25

Advances in Intraoperative Margin Management

Speaker: Dr. Ashutosh Kothari

13:25 – 13:35

Advances in Intraoperative Margin Management

Speaker: Dr. Tomasz Sachańbiński

13:35 – 13:45

Advances in Intraoperative Margin Management

Speaker: Dr. Jan Beneš

13:45 – 13:55

Discussion

13:55 -14:05

Q&A

Sirius Medical Coffee Break Workshop: Introducing Sirius Pintuition® Slim Probe: enabling surgeons to improve patients' cosmetic outcomes

16:20 -16:45

Okapi 2 + 3

Chair: Natacha Ruysers - Turnhout, Belgium

16:20 - 16:30

The added clinical value of the Slim Probe: clinical cases

10 min

illustration in both breast and axilla

Speaker: Erica Giblin

16:30 - 16:40

"MALLORCA" trial: Surgical management of the axilla with a non-wire surgical navigation system

10 min

Speaker: Constanze Elfgén

16:40 - 16:45 **Q&A**

5 min

Thursday 03 October 2024

Endomag Coffee Break Workshop: Breast Cancer Localisation. Evolved.

10:20 - 10:45

Elizabeth Hall

Chair: Henry M. Kuerer - Houston, United States of America

10:20 - 10:45 **How to treat more patients and improve your oncoplastic approach with Sentimag®**

25 min

Speaker: Eirini Pantiora - Sweden

10:20 - 10:45 **How to treat more patients and improve your oncoplastic approach with Sentimag®**

25 min

Speaker: Ricardo Pardo-Garcia - Lymm, United Kingdom

AstraZeneca Coffee Break Workshop: It's not clear cut for the borderline eBC patient: Surgery or neoadjuvant therapy first?

10:20 - 10:45

Okapi Room 2+3

10:20 - 10:22 **Introduction**

2 min

10:22 - 10:27 **Importance of neoadjuvant therapy: The surgeon and oncologist perspective**

5 min

Speaker: Henry Cain

10:22 - 10:27 **Importance of neoadjuvant therapy: The surgeon and oncologist perspective**

5 min

Speaker: Mark Verrill

10:27 - 10:29 **Tailoring neoadjuvant therapy: Treatment guidelines and biological predictors of pCR**

2 min

Speaker: Henry Cain

10:27 - 10:29 **Tailoring neoadjuvant therapy: Treatment guidelines and biological predictors of pCR**

2 min

Speaker: Mark Verrill

10:29 - 10:36 **The borderline T2N0 patient: A case study**

7 min

Speaker: Mark Verrill

10:29 - 10:36 **The borderline T2N0 patient: A case study**

7 min

Speaker: Henry Cain

10:36 - 10:43 **Q&A**

7 min

10:43 - 10:45 **Summary**

2 min

Merit Medical Satellite Symposium: Precision without compromise in breast conserving surgery and targeted axillary dissection.

13:00 - 13:50

Elizabeth Hall

Chair: Maria Luisa Gasparri - Italy

Precision without compromise in breast conserving surgery and targeted axillary dissection.

Speaker: Vasileios Pitsinis - United Kingdom

MSD Satellite Symposium: Surgical insights and multidisciplinary perspectives on immunotherapy in early-stage cancer treatment

13:00 - 13:50

Okapi Room 2+3

13:00 - 13:05 Welcome and introductions

5 min

Chair: Oreste Davide Gentilini - Milano, Italy

**13:05 - 13:15 Optimizing multidisciplinary approaches in early-stage-cancers:
Integrating perioperative, adjuvant, and neoadjuvant immunotherapy strategies**

10 min

Speaker: Viktor Grünwald - Germany

**13:15 - 13:25 The surgeon's insight: Integrating immunotherapy and surgery
for enhanced early-stage cancer management**

10 min

Speaker: Herbert Decaluwé - Belgium

13:25 - 13:45 Roundtable discussion: Putting it all together

20 min

13:45 - 13:50 Closing remarks

5 min

Chair: Oreste Davide Gentilini - Milano, Italy

GEM Coffee Break Workshop: GLUBRAN 2: The ideal solution for difficult cases

16:40 - 17:05

Gorilla 1

Chair: Fabio Cesare Campanile

16:40 - 17:05 **The ideal solution for difficult cases**

25 min

Speaker: González López José Antonio - Spain

16:40 - 17:05 **The ideal solution for difficult cases**

25 min

Speaker: Geert Maleux -
